

Dreaming the Future

How can we achieve optimal care and make health equity a reality for all people living with hemophilia A?

Monday 22nd April, 2024 (18.30–19.30 PM CEST)

Join our expert panel as they demonstrate many of the challenges faced in our communities through an engaging role-playing experience. Come and join the discussion on what possibilities exist to advance the standard of care for people living with hemophilia A.
